You will **not** receive a refund if you have made a claim, or intend to make a claim, under the insurance policy.

Costs

The premium payable by you is shown in your Certificate of Insurance. The factors used to determine the premium payable under this policy include:

- the nature, age and location of the equipment insured;
- the construction, age and occupancy of the business premises;
- the physical protection and other loss minimization features ie fire/intruder alarms, safety switches, surge protectors etc;
- the extent of cover and any extensions required;
- the sums insured or limits of liability;
- the period of insurance (short-term/annual);
- the excess selected;
- past claims/incidents history.

The premium is payable either when the product is purchased or by direct bank debit when you elect to pay it monthly. If you elect to pay monthly there is an additional fee. A cancellation fee may apply if you cancel your insurance policy before expiry.

Premiums and fees are subject to Commonwealth and State taxes and levies which include the Goods and Services Tax and Stamp Duty, if applicable to your state. All are shown on your Certificate of Insurance

Important notices to Policyholders

It is important to read/retain the following documents and keep them in a safe and convenient place:

- this document
- your current Certificate of Insurance

Remember to regularly review your insurance policy, particularly at renewal to ensure your insurance policy provides the cover that you currently need.

Duty of disclosure

Before you enter into an insurance contract with us, you are required to tell us every matter that is known to you, being a matter that:

- you know to be relevant to the decision by us to accept the risk and if so, on what terms; or
- a reasonable person in the circumstances could be expected to know to be a matter so relevant.

If you have not disclosed all relevant information, or if you have misinterpreted the facts, then we may be entitled to cancel the policy, reduce the sum insured, or treat the policy as never having existed.

If you do not tell us all relevant matters we can reduce the amount we pay for any claim or cancel this insurance policy. If your non disclosure is fraudulent we can void the insurance policy from the beginning.

Goods and Services Tax (GST)

The property values declared by you for the purposes of this policy need not include the amount of the Goods and Services Tax (GST).

This insurance policy has provision for payment of GST:

- by you in relation to premiums
- by us in relation to claims

The contract between you and Ansvar Insurance

When we have received your premium, we will insure you against the events described in the certificate of insurance we issue to you. Your insurance commences and concludes at 4.00pm local time on the dates shown.

If the terms of this agreement are not observed, cover under this policy may be reduced or cancelled.

Alteration of risk

You must notify us immediately by facsimile or telex of any material change in the risk and the nature of the risk and confirm such notification by providing full details in writing. You must at your own expense take such additional precautions to minimise the risk or any hazard to the equipment insured as are reasonable in all the circumstances and must comply with any reasonable directions or requirements from us to reduce the risk. We will adjust the scope of cover and/or premium accordingly, if necessary.

Insurance cover will cease for any insured item which has sustained damage and is allowed to operate without being repaired properly.

Automatic reinstatement of sum insured

Upon the happening of any loss or damage resulting in a claim under this policy, the sum insured will be reinstated automatically to its full stated amount and coverage, unless you advise us to the contrary.

In consideration of this reinstatement, we will charge you an additional premium calculated on the amount of the cover reinstated for the period from the date of reinstatement to the next renewal date.

Cancellation

You may cancel this insurance policy at any time by notifying us in writing. This may require you to pay a cancellation fee.

We can cancel this insurance policy in accordance with the Insurance Contracts Act 1984. We will be entitled to retain premium for the period during which the insurance policy has been in force.

In addition, if we settle your claim by paying the total sum insured, we have fulfilled our obligations under the contract. We will then cancel the insurance policy with no refund of any portion of the premium as we will have paid you in full for your loss.

Examination of books and records

We may examine your books and records of all property insured under this policy at any time during the period of insurance and up to 12 months after the policy expiration or resolution of all claims under the insurance policy.

Excess

Your financial contribution to each and every claim under this policy is known as the 'excess'. The excess amount that you will have to pay when you lodge a claim is shown in your certificate of insurance or in the section of the policy under which the claim is being made.

Under Section 3, an excess period of two days or as shown in the certificate of insurance applies. The deductible amount is calculated by multiplying the average daily indemnifiable claim by the number of days selected for the excess period.

If you suffer damage which leads to a claim under more than one section of this policy or more than one insured item is lost or damaged in one occurrence, the highest applicable excess is payable.

Interpretation

Clauses and other headings are for ease of reference only and will not be deemed to form any part of the context or affect the interpretation of this policy.

Words importing the singular number shall include the plural and vice versa.

Jurisdiction

This insurance policy shall be governed and construed in accordance with the laws of Australia. Any dispute shall be resolved in accordance with these laws.

Limit of liability

The limit of our liability is the new replacement value of the item of equipment insured and in total the sum insured as shown in the certificate of insurance.

Monthly instalments

You may pay your premium by monthly instalments direct from a financial institution or from your credit card. However, if any monthly instalment is dishonoured by your financial institution this policy may not operate. We may refuse to pay a claim in whole or in part if, at the date of loss, any monthly instalment has remained unpaid for at least 14 days, unless we have agreed otherwise in writing.

If you have a total loss or we settle your claim by paying the full sum insured under any section of this policy, we will deduct outstanding instalments for that section from the amount we pay you.

Should the financial institution holding your account return or dishonour a direct debit payment due to lack of funds in your account, we will charge you for any direct or indirect costs which we incur arising from the payment being returned or dishonoured.

Other insurance

You must inform us of any other insurance which may also cover the equipment under this insurance policy.

Other interests

You must not transfer your interest or any entitlement under this policy without our written consent.

Our right of inspection

We have the right to inspect and examine any of the equipment covered by this policy at any reasonable time. You are required to provide us all details and information we may reasonably request.

4. do all things reasonably practicable to minimise any interruption of or interference with your business to avoid or diminish any consequential loss, where such loss is covered by this policy.

You may give any notice under this policy to us at any of our offices in Australia.

Section 1 – Electronic Equipment

Cover

We will cover you under this section in accordance with the basis of settlement if the items or any part of the items of equipment listed in or referred to in the certificate of insurance suffer any physical loss or damage, which happens during the period of insurance within the geographical limits and is not specifically excluded by this policy.

The cover provided includes damage to the insured electronic equipment by either of a), b), or c) below as specified in the certificate of insurance and after completion of successful initial commissioning of the equipment:

- a. accidental damage other than breakdown;
- b. breakdown of equipment only;
- c. all of a) and b) above.

Adequacy of sum insured

It is a condition of this policy that you must have nominated sums insured for the insured equipment which are not less than the new replacement value at the commencement of the period of insurance.

If, in the event of loss or damage to items insured, it is found that the sums insured are less than 90 percent of the amounts required to be insured pursuant to this condition, the amount recoverable by you under this policy in respect of these items will be reduced by such proportion as the sums insured bear to ninety percent (90%) of the amounts required to be insured. Every object and cost within these items will be subject separately to this condition.

Newly installed items

Any additional item of equipment newly installed at the situation during the period of insurance will be insured under this section from the time of completion of successful commissioning of the item, provided that our liability for all additional items will not exceed twenty percent of the total sum insured for all equipment shown in the certificate of insurance.

At the end of the period of insurance, you must furnish us with details of all items newly installed or deleted during the period. Additional premium will be calculated and paid by you corresponding to the type and value of the item and the period during which it is insured.

Basis of settlement

In the event of loss or damage insured under this section, the basis of any settlement will be the cost of repairs necessary incurred by you to return the damaged item to its former state of serviceability, including:

- a. the cost of dismantling and re-erection of the damaged item and removal of debris;
- b. charges for overtime and work on public holidays incurred in expediting the repairs;
- c. an amount not exceeding five percent of the item sum insured for freight within the Commonwealth of Australia, including transportation as freight by any recognised airline's scheduled service;
- d. customs duties and dues, if any, to the extent that such expenses have been included in the sum insured.

No deduction will be made for depreciation in respect of parts replaced, except for valves, tubes (including picture and x-ray tubes) and light sources. From the replacement cost of these items will be deducted a percentage which the use, up to the time of failure, represents of the normal service life expected by the manufacturer or supplier.

Where repairs to a damaged but repairable item cannot be effected because of the unavailability of replacement parts, the basis of settlement will be the estimated cost (including items a) to d) above) which would have been incurred for repairs necessary to return the damaged item to its former state of serviceability. Where necessary the estimated cost of unavailable parts will be based on the cost of available parts from similar equipment which is still in production.

All damage which can be repaired must be repaired. However, if total destruction or loss by theft has occurred, or the total cost of repairs exceeds:

- i. the Section 1 sum insured for the item; or
 - ii. the cost of replacement of the insured item of similar function, type, capacity and quality and in a condition equal to but not better than, the condition of the insured item when new,
- the maximum policy liability will be the lesser of i) or ii).

The excess and the value of any salvage will be subtracted from the amount calculated above.

Exclusions to Section 1

We will not pay under this section any claim for:

1. loss or damage caused by
 - a. spontaneous combustion, fermentation, heating or any process involving the direct application of heat;
 - b. moths, termites or other insects, vermin, rust or oxidation, mildew, mould, contamination or pollution, wet or dry rot, corrosion, change of colour, texture or finish, dampness, light, evaporation, inherent vice, inherent defect, latent defect, smut, soot or smoke from industrial operations, loss of weight;

 - h. theft of property in the open air;

- a. damaged, worn or spent batteries, belts, chains, tapes, ribbons, filters, fuses, electric heating elements, electrical contacts or other consumable parts;

- a. at the situation referred to in the certificate of insurance; or
- b. at a media storage situation; or

Adequacy of sum insured

It is a condition of this policy that you must have nominated sums insured for the insured data media which are not less than the cost of its replacement by new unused data media of the same specification together with the estimated cost of re-collection and preparation of data in the appropriate form, including any necessary additional expense for the hire of personnel, overtime, premises or data preparation machines.

Basis of settlement

In the event of loss or damage insured under this section, the basis of any settlement will be:

- a. the actual cost of replacement of lost or damaged data media by new unused materials necessarily incurred by you;
- b. charges for overtime and work on public holidays incurred in expediting the restoring the data media;
- c. any expenses which can be proved to have been incurred by you strictly for the purpose of restoring the data media by reproduction of data or information in a condition equivalent to that existing prior to the occurrence of loss or damage.

Lost data or information may be produced in an updated form if the cost of doing so is no greater than that of reinstatement in the original form.

The excess and the value of any salvage will be subtracted from the amount calculated above.

Exclusions to Section 2

We will not pay under this section any claim for:

1. loss or distortion of data information or records which does not arise from physical loss or damage to the data media material.
2. loss or damage caused by atmospheric moisture or temperature unless directly resulting from damage to or malfunction of air-conditioning equipment.

5. consequential loss of any kind or description whatsoever.

Section 3 – Increase In Cost of Working

Cover

We will cover you under this section in accordance with the basis of settlement for any increase in cost of working not excluded by this policy, if the normal operation of the items insured under Section 1 of the Policy is interrupted as the direct result of:

- a. physical loss or damage indemnifiable under Section 1 of the Policy (including endorsements to Section 1); or
- b. mechanical, electrical or electronic breakdown for which remedial repair service is provided under a Maintenance Agreement.

Adequacy of sum insured

It is a condition of this policy that you must have nominated sums insured for this section which are not less than the amount of expenses which you would have to pay for twelve months use of substitute equipment of similar performance to the items insured under section 1, including all associated personnel, transportation and other insured costs.

The sum insured under this section is the limit of indemnity for a period of twelve months use of the substitute system and is the limit of indemnity for the total of all claims during the period of insurance

Basis of settlement

We will pay for all actual expenditure of the types specified in the certificate of insurance, which you can prove have been necessarily and reasonably incurred during the indemnity period over and above the normal expenses which you would have incurred in the operation of the items insured under Section 1 of the Policy.
